

EXPRESS DUAL 4000

Evolution of a Revolutionary Grinder

The new Express Dual 4000 chassis stands 5" taller and is built for operator comfort. A new look for Express Dual — improved safety enclosures offer dust and noise containment.

Renowned the world over for superb grind quality at lightning speed with simplicity, ease of use, exceptional reliability and long life.

Unique auto-cut provides accurate finish, eliminates need for lapping and extra relief thereby dramatically reducing maintenance costs and improves the health of your turf.

- World's fastest and most accurate
- Mowers ground in-situ, no need to remove bedknives or rollers
- Fast turnaround (Greens: 5 mins, Fairway: 12 mins floor-to-floor)
- Solid, rigid, torsionally loaded box construction
- Super safe, self-aligning, torqued controls
- Health and Safety compliant

EXPRESS DUAL 4000

- Bigger, improved safety enclosure — fits taller walking greens mowers and those with lighting attachments
- Variable reel speed for consistent output and balanced results
- Operator panel with tactile colour coded function buttons
- WITH: Lift Table; safety guard; auto traverse; storage; dust collection
- OPTIONS: Vacuum system; Express Blade Thinner; sound insulation pack for further noise reduction

NEW Express Blade Thinner

The Express Blade Thinner has an overall improved carriage design which gives operators greater stability and increased accuracy for relief grinding. Relief grinding is carried out on the Express Dual Lift Table and can be easily positioned to allow for normal use of the lift table.

With a quick clamp mechanism and feed control screw, reels are now easier to set-up on the new Express Blade Thinner.

Express Lift Table:
Fitted as standard on
ED4000 and ED4000DX
